

I would like to request an ethnic breakdown (either self-identified or officer identified is fine) of victim and suspect for each crime which has this data available in the West Midlands Police's records. I would like to obtain all the data which is again presently available from the earliest possible point you have data on to the most latest stats for each crime. Can I have this data broken down annually and decennially (if it goes back further than 10 years).

The data below is for the time period January 2019 – October 2023 and provides the number of crimes broken down by offence class and suspect / victim ethnic appearance

2019
