The divisions in speed are related to the offence codes – there are no specific offences for 80/90/100 as the national speed limit is 70mph. All offences over 70mph are grouped together.

**In each speed category could you please also provide the age range of offenders, the median age of offender and the proportion of offenders who are men and women.**

The cost of providing you with the information is above the amount to which we are legally required to respond i.e. the cost of locating and retrieving the information exceeds the 'appropriate level' as stated in the Freedom of Information (Fees and Appropriate Limit) Regulations 2004.

**And in each year could you also please supply the slowest and fastest single speed for which a ticket was given.**
