

Under the Freedom of Information Act, I'd like to request information regarding fines on Motorways under your jurisdiction

The total number of SP50 notices issued between the years 2018-2024. Information to be provided by year i.e. 2018=x, 2019=y etc

Data older than 3 years will be unreliable due to the weeding parameters on our systems. Data for 2021, 2022, 2023 and 2024 has been provided below:

Year	Number of SP50 Notices Issued
2021	9241
2022	6194
2023	5212
2024 (to date)	1278

The top ten 'sites' (or junctions) as recorded by the automatic cameras (e.g. 5925A), which have recorded the most 'offences' over the period 2018-2024. Information to be provided by year i.e. 2018: site <reference>=<number of offences registered>, site <reference>=<number of offences registered> etc. 2019: site <reference>=<number of offences registered>, site <reference>=<number of offences registered> etc.

Location data provided as we record it, not as site reference data.

Under the Freedom of Information Act, I'd like to request information regarding traffic volume on the stretch of M6 under your jurisdiction.

1. The annual volume of traffic (estimated if exact figures are not held) for years 2018-2024. Information to be provided by year i.e. 2018=x, 2019=y etc

Under the Freedom of Information Act, I'd like to request information regarding emissions on the stretch of M6 under your jurisdiction.

1. The total Emissions produced by motor vehicles within the M6 low emission zone before and after zone was enforced. Providing at least three years prior, and all subsequent years. Information to be provided by year i.e. 2018=x, 2019=y etc

This information is not held by West Midlands Police, you would need to contact the National Highways Agency for this information: [Disclosure Log - Highways England](#)

Under the Freedom of Information Act, I'd like to request information regarding the variable speed limit zones on the stretch of M6 under your jurisdiction.

The total number of SP50 notices issued before variable speed limit was enforced and total number of SP50 notices issued since. Providing at least three years prior, and all subsequent years. Information to be provided by year i.e. 2018=x, 2019=y etc

This information would have been completed manually and not by cameras, due to the way the system weeds information the data is unreliable.

2. The total number of motoring accidents before variable speed limit was enforced, and total number motoring accidents since. Providing at least three years prior, and all subsequent years. Information to be provided by year i.e. 2018=x, 2019=y etc

3. The algorithm used to determine speed restrictions within the variable speed limit zone(s).

4. Changes to the variable speed limit algorithm by year, covering the period 2018-2024. Information to be provided by year with description of change.

This information is not held by West Midlands Police, you would need to contact the National Highways Agency for this information: [Disclosure Log - Highways England](#)
